OBJECTIVE

Detail-oriented software engineer with a strong foundation in various programming languages and technologies. Recently completed a rigorous Software Development Coding Certificate program at Coding Dojo, honing problem-solving abilities and staying updated with industry best practices. Seeking an entry-level software engineer or full stack developer role to apply my versatile skill set, collaborate with a talented team, and contribute to the development of robust and innovative software solutions.

EXPERIENCE

Stauffer Glove and Safety, Orange County, CA

— *VMI Specialist*

January 2021 - PRESENT

- Manage inventory and maintain vending machines at manufacturing sites, ensuring optimal availability of safety products.
- Perform troubleshooting and manual repairs on vending machines
